Kanchenjunga Trek

Kanchenjunga the mountain of jewels the third tallest peak (8586m) in the world and possibly one of the least unexplored remote regions of eastern Nepal and certainly one of its most beautiful. Breathtaking views of the vast Himalayan range from the majority of the routes trails. Walking in pleasant villages, through rhododendron forest in the lower valley then in the high regions, Nepal's glorious mountains views of Everest, Makalu and the Kanchenjunga massif will make the trip memorable and abundant wildlife such as musk deer, blue sheep and yak grazing in the high altitude always astonish us.

Kanchenjunga is an unforgettable adventure into the heart of the Himalaya where the scale of both mountain and valley is difficult to comprehend. Kanchenjunga Base Camp Trekking takes you both south and north base camp of Mt Kanchenjunga but if you wish to make just one base camp trek also possible to arrange as per your wish. Of the world's great peaks, Kanchenjunga standing third highest at 8,598m is perhaps the least known and the least visited. Astride the Nepal/Sikkim border in eastern Nepal and only a few kilometers away from Tibet, it lies in a most sensitive area with restricted zones declared at each approach. With Kanchenjunga being opened for foreigners to explore only since 1988, Adventure Ascent will be the best partner to organizing your trekking holiday to Kanchenjunga base camp with affordable price and itinerary that possible to make as per your wish.
